Concept

You might be familiar with the concept of an 'escape game' from TV shows like "The Code of Coppers" or perhaps you've experienced an escape room nearby.

With "The Gallery", we deliver that **escape experience directly to your event**. Our handcrafted escape boxes are filled with clever puzzles designed to engage your guests.

Ideal as supplemental entertainment, this activity seamlessly complements family gatherings, receptions, or wedding celebrations. We've distilled the essence of an escape game into a format that's **both accessible and challenging, resonating with attendees of all ages**.

Whether you're hosting a grand or intimate affair, "The Gallery" promises to captivate. Prepare for a memorable escape adventure!

1

Escape room in a box

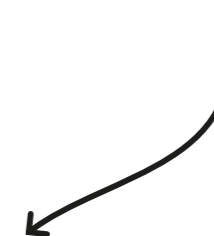

An escape box can be likened to a traditional escape room, but with a twist: you're attempting to open a mysterious box. **It's essentially an escape room experience condensed into a box.**

2

3 escape boxes

Three escape boxes are waiting for you, each with a unique adventure with a playing time of **+8 minutes**. They are crafted to challenge your logic, creativity, and teamwork. **Guests have the choice to tackle just one or dive into all three boxes.**

3

Continuous activity

After a team succeeds in solving a box, we promptly reset it for the next group. **This ensures an uninterrupted flow, providing a consistent gaming experience for everyone.**

Engaging, not overwhelming

Our gaming experience strikes the right balance: it's engaging and challenges teams without being overwhelmingly difficult. **We focus on fostering team dynamics and collective problem-solving rather than isolating "brainteasers for soloists."**

Bonding through fun

Engaging collectively in the game naturally forges a robust bond, a connection that lingers post-activity. Whether participants are long-time friends, recent colleagues, or family members, **the experience unifies everyone in a delightful and profound manner.**

An ideal icebreaker

Shared triumphs and shared laughter are unbeatable icebreakers. **Shift from formality to spontaneity as the game's joy and interactions set your event's tone.**

Unique game design

Beyond the sheer enjoyment of our activities, they are crafted to **address real-world challenges encountered in professional settings.** By emphasizing diverse facets in each activity, **we ensure that every team member can spotlight their unique strengths.** Through our team-building sessions, we set ourselves apart and truly make a difference.

Delightful reward awaits

Inside the last vacant compartment of each escape box lies a delightful treat. At the end of every escape game, your guests will be rewarded with this scrumptious surprise.

(Optional) Customize your reward!

Wish to add a personal touch? You're welcome to supply your own treats, and we'll ensure they're placed in the box before the game begins. Kindly ensure that the goodies fit within dimensions of 16 x 14 x 8 cm.

By default, we foresee a free treat in every box!

Practical details for "The Gallery"

Continuous Gameplay for Your Guests

Every 10 minutes or so, three new groups embark on their escape adventure. With "The Gallery" comprising three escape boxes, each lasting around 8 minutes, there's a seamless transition for your guests. After a team finishes, we promptly reset the box for the next eager group, ensuring non-stop excitement.

You can also reserve two sets of "The Gallery," effectively doubling the capacity.

Team Composition: 2 to 4 Players

To maximize the gaming experience, we recommend teams of up to 4 individuals. This ensures everyone gets to leverage their strengths and stay actively engaged in the gameplay.

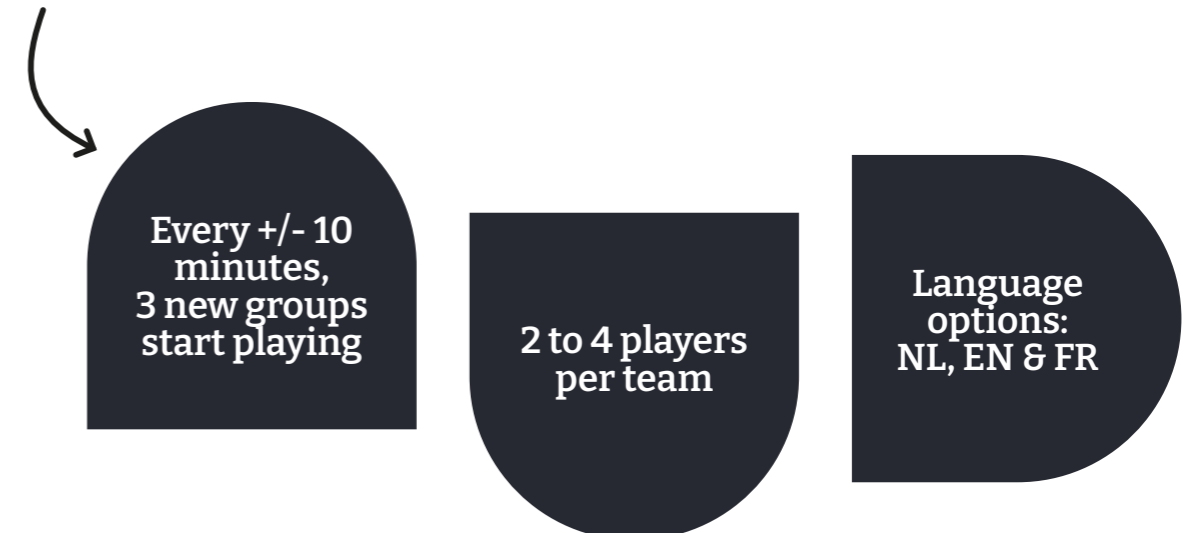

Language: Dutch, English & French

The essence of the game transcends language barriers, making it suitable for any linguistic group. However, should there be any textual clues or instructions, rest assured, they are provided in three languages: **Dutch, English, and French.**

Game instruction language: Dutch & English (French upon request)

Our facilitators are proficient in both Dutch and English. If you prefer game instructions in French, kindly mention it beforehand. We'll ensure our French-speaking team members guide your session.

In short

Timing

"The Gallery" operates as an ongoing activity, available for booking starting from one hour up to a full day. Throughout the event, we welcome participants to play the escape boxes.

Arrival & setup

Expect us to arrive roughly an hour prior to the activity's commencement. This ensures we have ample time for setup. **Please ensure one power socket is available near the gaming zone.**

Game introduction

Every escape adventure begins with an engaging introduction, setting the mood just right. We brief the participants on the objectives and then let them explore the mysteries of the escape box.

Escape box

Teams, consisting of 2 to 4 members, delve into the challenge of unlocking the escape box. Though the average gameplay is around 8 minutes, this can fluctuate based on the team's experience and problem-solving skills.

Resetting

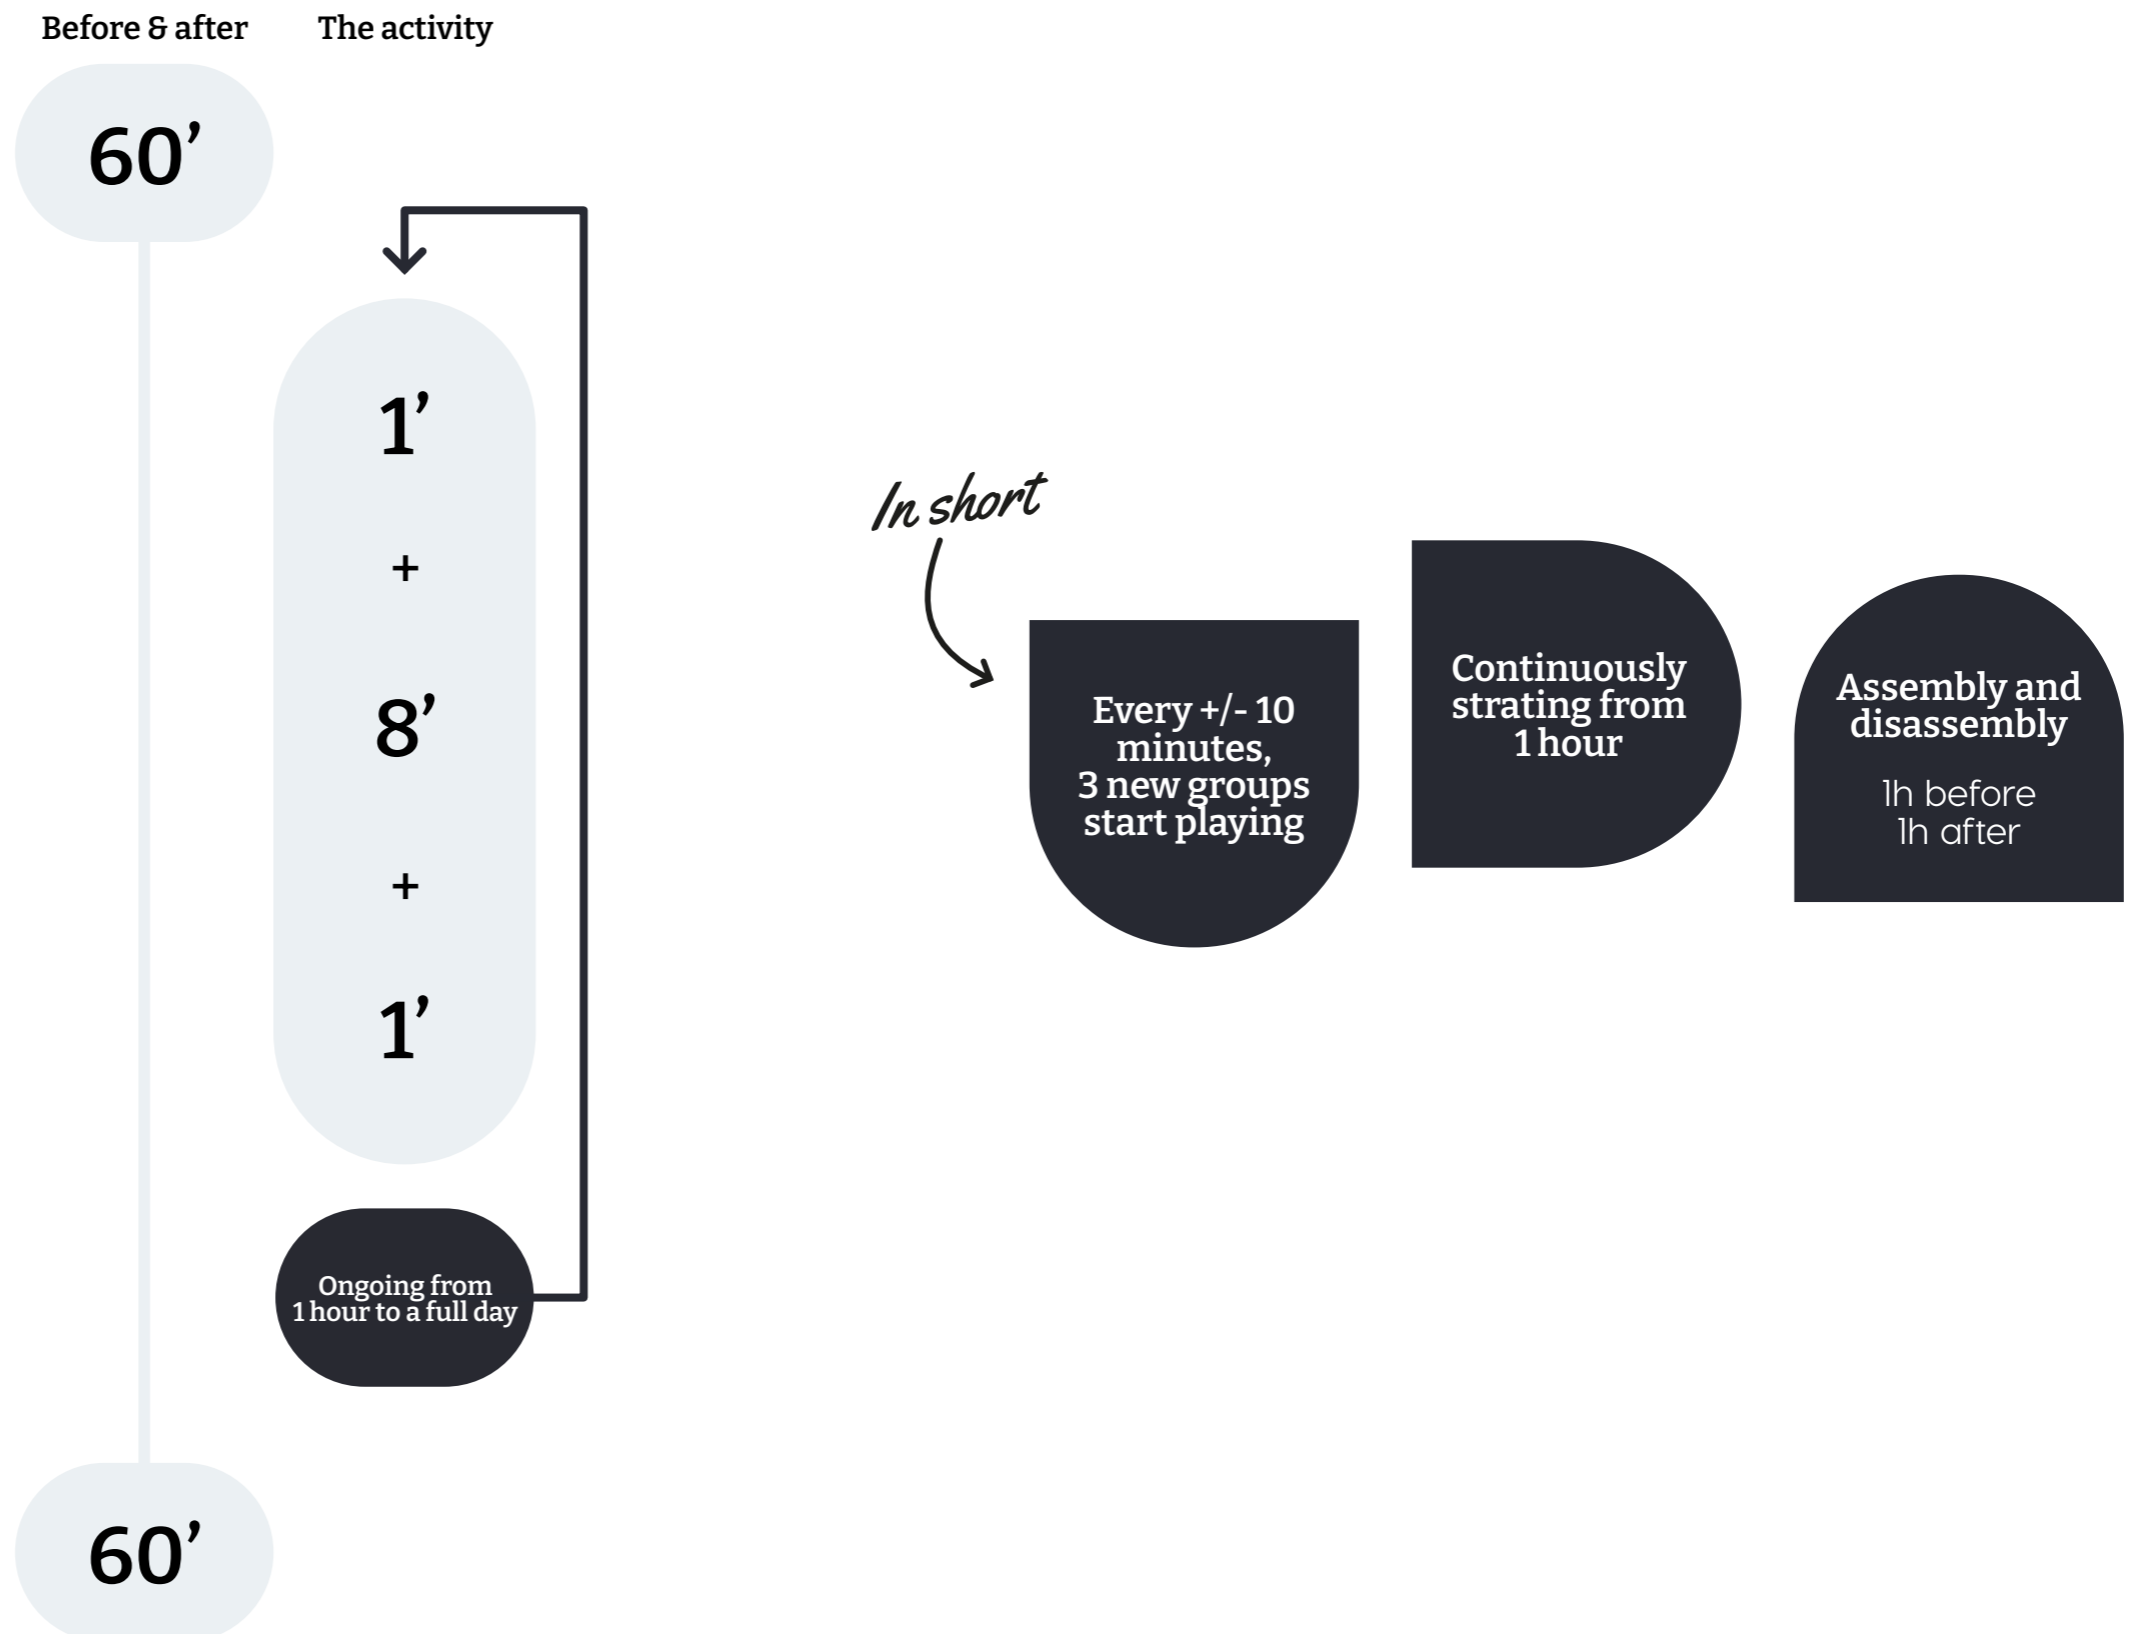

Once a game concludes, our team swiftly resets the escape boxes. With a quick turnaround time of merely a minute per box, we're set to welcome the next batch of participants almost instantly.

Continuous gameplay

Your guests can immerse themselves in "The Gallery" for hours, with the choice of 3 or 6 escape boxes, guaranteeing uninterrupted escape entertainment.

Clean-up

While the event wraps up for your attendees, we dedicate another hour to the cleanup. Post-game, we typically require around 1 hour to tidy everything up.

Where to play

"The Gallery" offers a versatile escape game experience that can be set up at any location of your choice, be it indoors or outdoors*. We request that the chosen location be accessible for setup and breakdown 1 hour before and after the game. Additionally, ensure there's an available power socket nearby, even for outdoor setups.

For space requirements, please consider the following dimensions:

Number of escape towers	Area
3	24 m²
6	48 m²

Rest assured, we're flexible and can adapt to the space you have.

*Considering an outdoor setup?

That's absolutely feasible. However, please make sure the weather remains rain-free. The game instructor will assess the weather conditions before starting and will determine if playing outside is viable. It's always good to have a backup plan in place.

In short

**Needed space
+- 3 x 8m**
(per set of
3 towers)

**The activity
can take
place
indoors or
outdoors***

**1 power
outlet
nearby is
