Concept

“RED vs BLUE” is a **fast-paced teambuilding experience** where two teams go head-to-head: Team Red versus Team Blue.

In a mix of clever and playful challenges, teams battle for points, speed and pride. **Each challenge highlights a different skill: building, problem-solving, creativity, communication... but teamwork always comes first.**

The game never stops. **At set moments, results are checked and the best-performing team scores.** Watch out though: surprise challenges can pop up at any time. When the signal goes off, there is no time to hesitate. Only the fastest team wins the point.

In the final score, every point counts to crown the ultimate winner. Expect strong team spirit, smart strategy and lots of fun.

Ready for an energetic, creative and competitive experience from start to finish? Let the battle begin: RED vs BLUE!

1

15 Challenges full of teamwork

15 fixed challenges run simultaneously. Build, solve puzzles, calculate or create and score points by delivering the highest, longest or strongest result at exactly the right time.

2

3 Bonus challenges

Out of nowhere, the signal sounds. Time for a head-to-head battle. Only the fastest team takes the point. **Three surprise challenges** that can completely change the score.

3

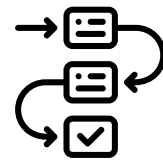

Checkpoints

At set times, the jury checks in to award points. **The team with the best result at that moment scores.** Smart timing, clear tactics and solid teamwork are key.

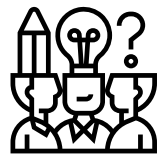

Communication and teamwork

With multiple challenges running at once, communication is essential. **Teams can include up to 18 players. Who leads, who oversees and who reacts fast?** Clear coordination is the only way to win.

Plan ahead

You know when the jury arrives, but where do you focus your energy? Stick to your plan or switch gears fast? And what is the other team doing? **Planning ahead and timing your moves makes the difference.**

Role distribution

No one needs to do it all. Play to everyone's strengths: builders build, thinkers solve, speed lovers sprint. **A smart division of roles leads to more points.**

Unique game design

Beyond the sheer enjoyment of our activities, they are crafted to **address real-world challenges encountered in professional settings.** By emphasizing diverse facets in each activity, **we ensure that every team member can spotlight their unique strengths.** Through our team-building sessions, we set ourselves apart and truly make a difference.

Gift for all players!

A tasty little gift shouldn't be missing! As a sweet extra, we treat all players to delicious candy – a small surprise* to end the teambuilding on a high note. 😊

FREE with every teambuilding!

**Want to make it even more personal? Feel free to provide your own goodies! We'll happily put them in the box before the game starts. Just make sure your goodie fits within these dimensions: 36 x 21 x 20 cm.*

Practical information

Music during the game

Music plays continuously during the game. Sound and music are a fixed and essential part of this activity, creating atmosphere, energy and tension. They help players fully dive into the experience and keep the game flow dynamic.

Up to 72 players per session

RED vs BLUE is designed for groups of up to 72 players per session. Ideal for medium to large teams that love action and friendly competition. Bigger group? No problem. We are happy to think along and check what's possible.

Teams of up to 18 players

With a maximum of 18 players per team, everyone stays involved and contributes to the final outcome.

Game language: Dutch, English & French

RED vs BLUE is fully available in Dutch, English and French. Ideal for international teams or multilingual groups.

Language game supervision: Dutch or English (French upon request)

Our guides speak both Dutch and English. Would you prefer the instructions in French? Be sure to let us know in advance, and we'll assign our French-speaking colleagues to your event.

In short

Up to 72
players play at
the same time

Team with
max 18
players each

Game
language:
NL, EN & FR

Timing

The full RED vs BLUE experience takes about 1.5 hours: a short introduction and welcome, one hour of non-stop competition, and a final moment to announce the winners.

Arrival & setup

We arrive roughly one hour before the start to set everything up. Is the space only available later? No worries. Let us know and we will adjust the planning together.

Game introduction

Our facilitators kick off the experience and explain the game to the teams. Teams can be divided randomly or according to your wishes.

RED vs BLUE

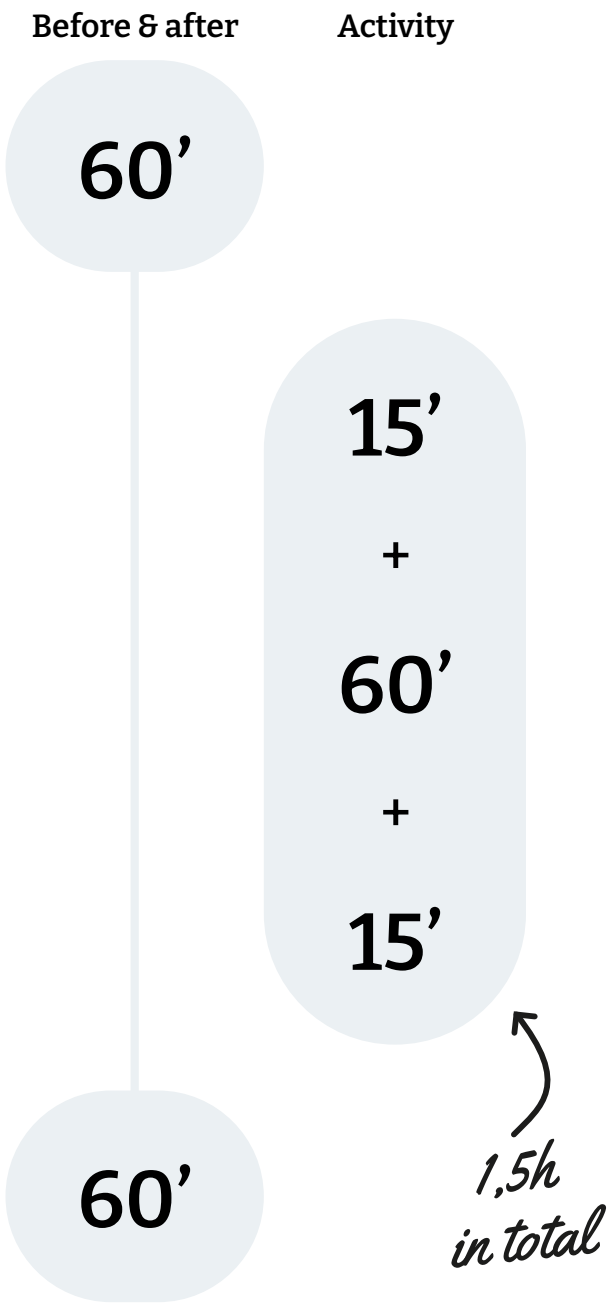

For one intense hour, team Red and team Blue compete in parallel challenges. Smart planning, good timing and quick decisions are key. Every choice matters.

And the winner is...

After a full hour of action, we reveal the scores and crown one team as the ultimate winner.

Cleaning up

For you, the activity is over, but we'll enjoy another hour of cleanup. After the game, we typically need 60 minutes to clean up, depending on the number of teams that participated.

Where to play

“RED vs BLUE” is a flexible activity that can be played indoors or outdoors*, as long as weather conditions allow it.

The game requires one shared, open playing area where both teams play together. Separating the teams into different spaces is not possible for this concept.

In addition, enough tables are needed, following the guidelines in the table below. No tables on site? No worries, we can provide them for you**.

The table below indicates the minimum required surface area depending on the number of players.

Number of players	Number of teams	Area	Needed tables
< 6 pers.	2	41 m²	4 tables
< 12 pers.	2	50 m²	4 tables
< 18 pers.	2	59 m²	4 tables
< 24 pers.	2	68 m²	6 tables
< 30 pers.	2	77 m²	6 tables
< 36 pers.	2	86 m²	6 tables
< 42 pers.	4	82 m²	8 tables
< 48 pers.	4	100 m²	8 tables
< 54 pers.	4	118 m²	8 tables
< 60 pers.	4	136 m²	12 tables
< 66 pers.	4	154 m²	12 tables
< 72 pers.	4	172 m²	12 tables

In short

***Want to play outside?**

Great idea! Playing outdoors is an amazing experience. But! It definitely can’t rain. So make sure to have a Plan B. The game facilitator will have the final say on whether the game can be played outside.

****No tables at the location?**

No worries – we can provide tables for your event. With our stylish folding tables and black covers, we’ll transform any space into a game zone. Additional cost for table rental: €15/table excl. VAT.

About Rent Some Fun

Dream. Experience. Grow.

That's the essence of Rent Some Fun in a trio of words. Our journey commenced in 2016 when Jonas crafted the inaugural sketches for a mobile escape game. The 'escape box' rapidly gained popularity among families, friends, and corporate teams. Today, Rent Some Fun stands as a trusted ally, transforming each team building session into a memorable adventure!

- › **Transparent communication:** straightforward and crystal clear
- › **Direct booking:** connect with the very minds behind the games
- › **Hassle-free planning:** simply pick an activity, and we manage everything else
- › **Transparent pricing:** no hidden fees or surprises.
